DR. MANOJ SHARMA

Sr. Orthopaedic Spine Surgeon

M.B.B.S, MS (ORTH), DNB (ORTH), Spine Fellowship (Holland, Germany, USA, Korea) Pioneer in Laser & Endoscopic Spine Surgery in India

Dr. Manoj Sharma is a renowned spine surgeon in India. He is a pioneer of laser disc surgery and percutaneous endoscopic spine surgery. He has more than 35 years of experience in the field of spine surgery and has performed more than ten thousand (10,000) spine surgeries ranging from percutaneous minimally invasive procedures to challenging spinal deformity corrections and fixations for scoliosis and kyphosis. Doctor Manoj Sharma received his training in U.S.A., Germany, Holland, Korea, and Australia. He is vice president of Delhi spine society. He has organized many national and international conferences on minimally invasive spine surgery and has been faculty in innumerable National & International spine conferences.

Dr Manoj Sharma pioneered laser disc surgery in 1998 and endoscopic spine surgery in 2001 and has performed more than 2000 cases of cervical, lumbar and thoracic disc herniations, lumbar stenosis and infections surgery, endoscopically.

Dr Manoj Sharma performs all shade of spine surgeries, ranging from infections, tumours, fractures, spinal instabilities and deformities. He prefers the minimally invasive approach for treatment of spine diseases like injection treatment, radiofrequency and laser ablation of nerves, percutaneous endoscopic spine surgery under local anaesthesia, kyphoplasty for fragility fractures, MIS TLIF (Minimally invasive spine fusions) and MIS fixations for fractures, infections, tumours and deformities.

Dr Manoj Sharma is chairman, department of spine surgery, Jaipur Golden Hospital, Rohini (Delhi) since 25 years & visiting Sr. consultant Fortis Hospital, Shalimar Bagh, Delhi (India). He had been organizing secretary and chairman of many prestigious National & International spine conferences like DOACON, 2011 ASSICON, 2012 ICS, 2014 LASERCON 2005 and Endospine 2007 to name a few. Dr Manoj Sharma's motto is safe spine surgery and minimally invasive approach for the treatment for no complications and immediate return to work. His approach is scientific evidence based with excellent outcome.
